KILLER INSTINCT™

Welcome to a dark and violent future divided by a civil war. The war is fueled by Ultratech, a megacorporation bent on increasing their broadcast revenues at any cost. Their solution: the bloodiest public spectacle since the time of the Roman gladiators - the Killer Instinct Tournament. While the public frenzy is fed on human pain, Ultratech gets a chance to test new genetically enhanced robotics. The combatants battle for riches beyond their dreams...and the price of failure is death.

The first issue of *Killer Instinct* separates the weak from the strong, as combatants square off in deadly combat. For the first time game-players will know the secret lives of Jago, Orchid and the other fighters, and they'll learn the secrets behind Ultratech's diabolical plans to control the world! Shipping in February.

Hi, Mitch. We've located the craft--just in time, too. It was a small raft and it just went down.

Baywatch--this is the Scarab. Come in.

I've got you. It's OK.

I've got blankets ready. We'll have her dry in no time.

BAYWATCH

You're going to be all right. What were you doing out there?

N-no English...

Oh, boy...

Each year, many young and vibrant people are drawn to the occupation of lifeguard.

For some, it's the romance of the heroic idea.

For others, their own natural vanity thrusts them into the role.

But not CJ Parker. She is one of the TRUE lifeguards...

...A shining example of ALL that is Baywatch.

SPLASH

S-SPLASH

Where'd he go?

Almost a minute later.
Nothing. I don't see him anywhere.
Could've come up down the shore...
...but I'd better check, just in case.

He has to still be under--

--I would have seen him come up!

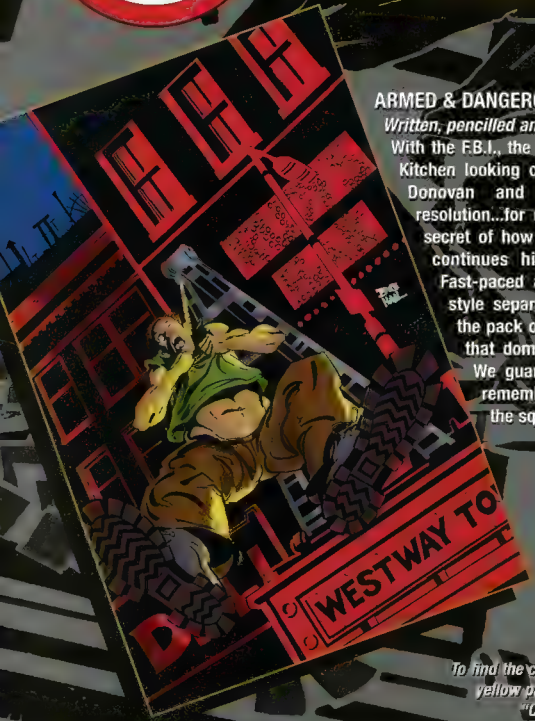
ARMED & DANGEROUS™



ARMED & DANGEROUS #4

Written, pencilled and inked by Bob Hall

With the F.B.I., the Highway Patrol and all of Hell's Kitchen looking on, the stand-off between Eddy Donovan and Arko reaches an uneasy resolution...for now. We also discover the real secret of how Eddy's dad died, while Doogie continues his pursuit of the Roller Girl. Fast-paced action told in a realistic, adult style separates Armed & Dangerous from the pack of simple, safe, "pap" storytelling that dominates the industry these days. We guarantee this is one comic you'll remember long after you read it. Not for the squeamish.

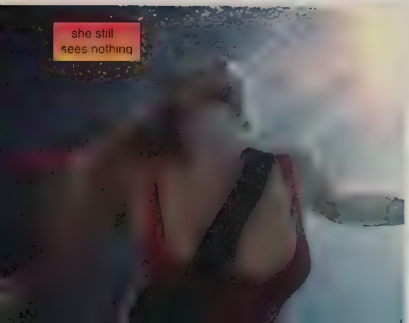
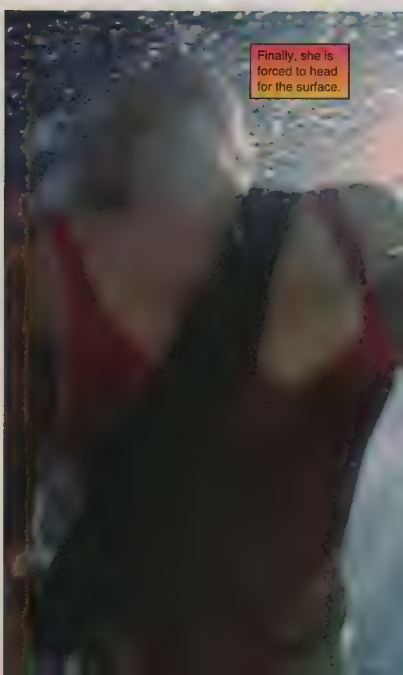
After moments of frantic searching...



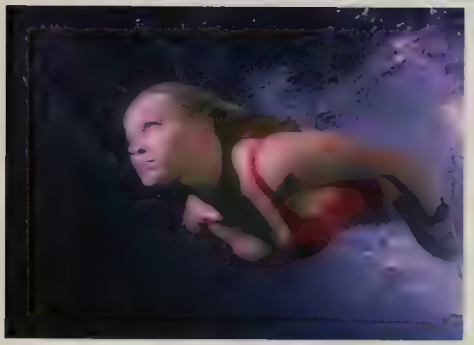
she still sees nothing

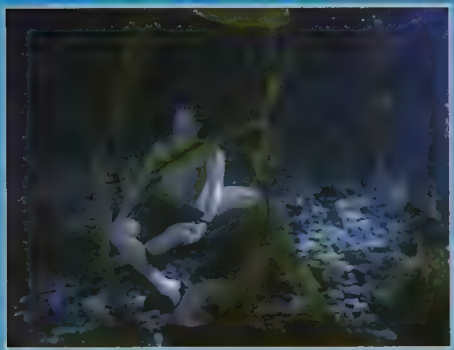


Finally, she is forced to head for the surface.

Gasp
Where is he?
He's GOT to be down there!

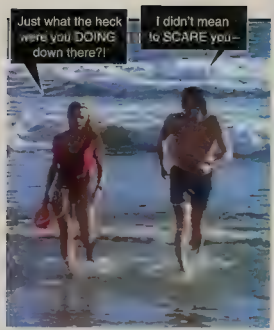
Down AGAIN, she dives,
searching for any sign of
the possible drowning man





Bloopp

Budda -- Bloop



Just what the heck were you DOING down there?!
I didn't mean to SCARE you–

You didn't answer my QUESTION!
Sorry. I was practicing. I've got to get my times better.
I'm in the "Iron Lung" competition down in San Diego next week

I've heard about that. A bunch of jocks see how long they can hold their breath before they chicken out and surface, right?

Well, that's not the most flattering description I've ever heard, but I guess that sums it up.

SLIDERS™

SLIDERS #2

By D.G. Chichester, Dick Giordano, Mike DeCarlo

In the second part of this opening miniseries, the Sliders crew have their hands full with their new arch-enemies, the Dracontian Sliders. When these blood-thirsty dictators slide, they conquer world after world with their highly advanced war machines. If Quinn, Professor Maddox, Sammie and Rembrandt can't disable the doomsday technology and escape the Dracontian homeworld, all the parallel dimensions of Earth are in jeopardy.

As of this writing, the Sliders TV show has been scheduled to return as a mid-season replacement on Fox, starring somewhere in early '96. Stay updated and in tune on Sliders' continuity as the miniseries picks up where the TV show leaves off. Don't get left out of the excitement and miss this landmark miniseries, like other similar comic adaptations that have hit the market this past season. Reserve your copy now with your local comics supplier.

I guess that did sound pretty mean. You scared me down there.

My name's CJ, what's yours?

Ryan. Ryan Greene.

And I've got to say, as long as my practice had to be interrupted...

...I'm delighted that it could be by someone as beautiful as you.

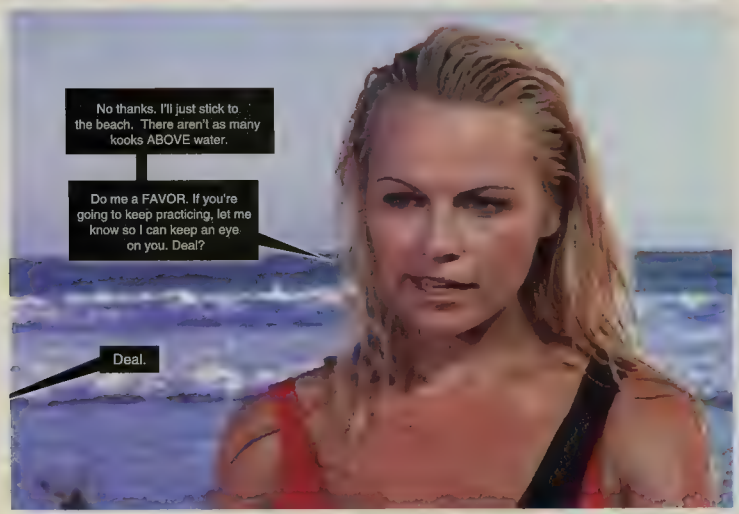
I know you may find this hard to believe, but I don't lifeguard so I can meet guys.

I happen to care about people and like to think I'm contributing something.

So --

I'm sorry. I was just trying to pay you a compliment.

I've got to admit, you did a pretty good job of holding your breath down there, yourself.
Ever think of competing? "The Iron Lung's" not just for MEN, you know.

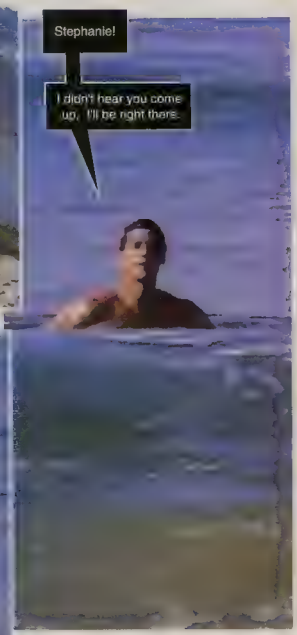


No thanks. I'll just stick to the beach. There aren't as many kooks ABOVE water.
Do me a FAVOR. If you're going to keep practicing, let me know so I can keep an eye on you. Deal?
Deal.

CJ and Ryan aren't the only ones exercising this morning.

Not far away, Carlos decides to dive into the surf.

Nice form, Carlos!
You're side-stroke's looking a lot better!



Stephanie!
I didn't hear you come up. I'll be right there.

SPLASH

I said your form was looking good. The therapy's really helped your ribs.

Yeah, I feel a lot better.

I don't know if I ever really thanked you for jumping in there when that drunk guy flipped out.

No problem. I just wish I'd known about that tire iron his buddy was carrying.

Yeah. Ouch.

Like I said, thanks.

Forget it.

Hey, how's Mitch doing? I haven't seen him lately.

He's fine. Same old Mitch.

You know, he helped me out a lot when I was younger.

There was a point when I was kind of on the edge. I could've gotten into a lot of trouble. Mitch turned me around.

I didn't know that.

Yeah. It's tough for a kid in neighborhoods like the one I grew up in.

The drug dealers have the nice cars, the cash...

...and the people who work for a living don't have much to show for it.

Mitch taught me how I could help other people and make a living at the same time.

You two used to go together, didn't you?

Yes. A long time ago.

What about now?

I care for him a lot. I probably trust him more than just about anyone.

But we're just friends now. Close friends.

Good. Because Mitch is my friend too and I wouldn't do anything to hurt him.

What do you mean?

I like you very much, Stephanie. Very much.

Would you go out with me next Saturday?

I'd love to.

Another place another time

Summer speeds across the water to the rescue

There she is!

Summer!! HURRY!

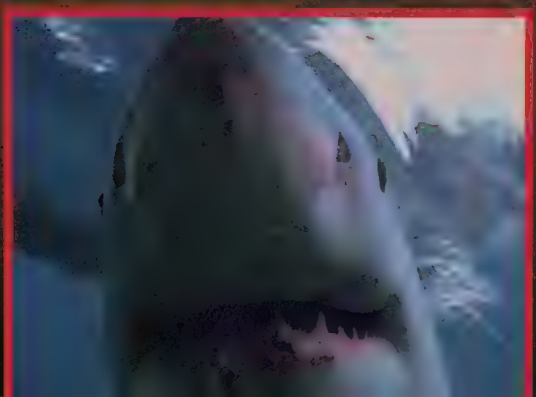
Matt! What is it? What's wrong?

Shark! It's a Great White--

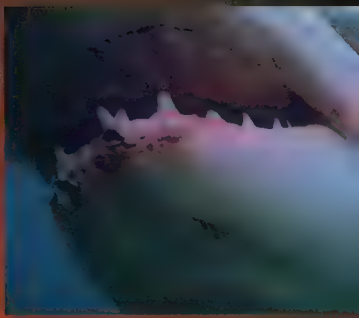
it's already made a close pass by us!

He's on--YOU now, Matt!

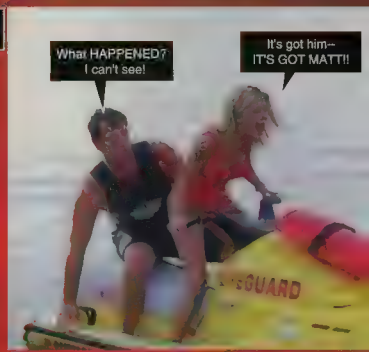
No! it coming back around!!



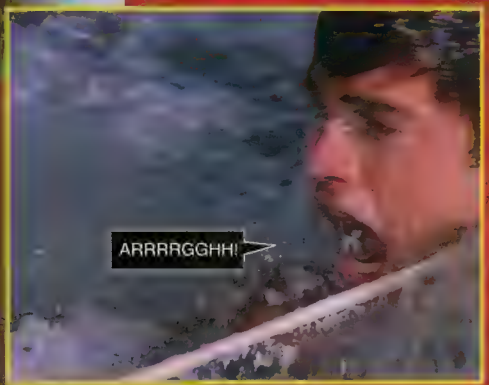
YEEEACCH!



MATT!!



What HAPPENED? I can't see!
It's got him-- IT'S GOT MATT!!
GUARD



ARRRRGGHH!

NO! MATT!!
Oh, God--
ARRGGHH!
YAAHHHHHHHH
And then .
.. the nightmare ends

Meanwhile, at Baywatch Headquarters.

Well, Mitch?

First of all, she's suffering from exposure.

Judging from the look of her skin, I'd say she was out in the sun for at least two days.

We can't learn more without running tests, and that means taking her to the hospital.

And she's dehydrated.

THE BAD EGGS™

BAD EGGS #2

By Bob Layton, Don Perlin, and Gonzalo Mayo

This issue - "Meat De-Pressed!"

After a near-death experience, Claude swears off meat-eating forever. To Ript's disgust, he joins a cult of simple-minded herbivores and becomes what he eats! Hercules mini-series writer, Bob Layton (no slouch to hysterically funny sagas), pokes fun at life, it's foibles and the comics industry all in one fell swoop in this latest installment of Ript and Claude's black-humored adventures set in Jurassic times.

And, Caroline...you know that would involve the Immigration Department.
But, Mitch--!
Listen. It's part of our job to cooperate with them. And this girl needs medical attention that we can't give her.
Let me try to communicate with her again.
My NAME is "CARE-OH-LINE."
Caroline.
SUNG-LI.

How's it going, Mitch?

Not too good.

Any word on the raft?

Nada. It's a common brand. Could've come from anywhere.

I got a name out of her. "Sung-Li"

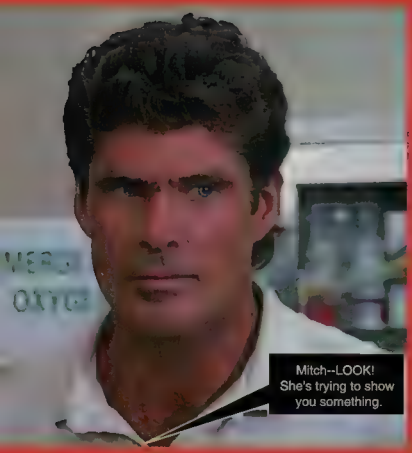
That's something. When do the I.N.S. guys show up?

Well...

We haven't exactly called them yet.

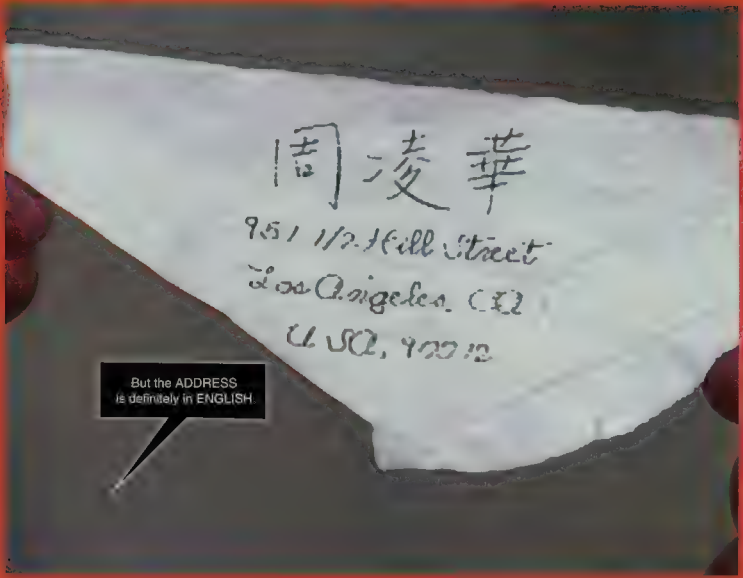
Caroline's hoping we could help the girl without involving Immigration.

I was just explaining to her that--



Mitch--LOOK! She's trying to show you something.

What is it?
Not in Chinese, is it?
Only part of it. A name, probably.



周凌華
9551 1/2 Hill Street
Los Angeles, CA
USA, 90012
But the ADDRESS is definitely in ENGLISH.

Come on, Mitch. This could be the answer to everything.
If Sung-Li has a friend here, then she wouldn't have to deal with the INS alone.
Who is this person?
Friend? Mother? Sister?
SISTER! Lin Sung-Li's--SISTER!!

Two hours later, in Chinatown.

Excuse me, Miss, do you know--

Thanks anyway.

Yards away in the side alley

WAIT!

You're Sung-Li's sister, aren't you?

MY name's Mitch.

I'm here to help. She's been hurt and she needs you.

You've seen her? Where IS she?!

Back at Baywatch

Mitch? Any luck?

Sung Li - - There's someone here to see you.

Oh...

It IS you...

LIN!!

"Does she have any idea what Sung Li was doing out there on that raft?"

Apparently, Sung Li disappeared from a market in Beijing three weeks ago.

They think it was a slavery ring bringing girls to America.

She really beat the odds getting away from them.

<Everything is going to be all right now. You're safe.>

A week later in Chinatown at Lin's restaraunt.

Chinatown

Hi! Glad you could make it!

Thanks for inviting us, Lin. We wouldn't have missed it for anything.

This is my son, Hobie.

Nice to meet you, Ma'am.

Sung-Li has been practicing and has something she'd like to say.

Thank you...Mitch. You and Caroline saved... my life.

I'm just glad we got to you in time.

I got a call a few hours ago from some friends at the Coast Guard.

They boarded a fishing trawler this morning and found quite a surprise. It was the slaving ship that Sung-Li escaped from.

So the other girls are safe?

That's right.

If it wasn't for Sung-Li, there's no way to know what might have happened to them.

Here's to Sung-Li.

To Sung-Li!
